Diversity Incentive Fund

The Division of Diversity and Community Engagement encourages students, faculty, and staff to create new opportunities that increase the understanding of, appreciation for, and advocacy of diversity issues. The Diversity Incentive Fund is a pilot program specifically designed to provide support for new, innovative, and creative approaches to raise awareness, engage learners, and change behaviors around diversity and inclusion within the university community. Examples of programs that may be supported include lectures, symposia, workshops, conferences, performances, and other innovative approaches for advancing diversity, equity, and inclusion at the University of Mississippi.
